What is Google?

Google is not just Google Search, but can you name other tools that Google offers which can be employed in the classroom?

Google Workspace for Education

- **Google Classroom** is a collaboration tool for teachers and students that helps organize and streamline the classroom experience.
- **Google Drive** is like an online hard drive where you can store all your files
- **Google Docs**: documents come to life with smart editing and styling tools to help you easily format text and paragraphs.
- **Google Sheets**: spreadsheets for analyzing, visualizing, and charting data
- **Google Forms**: quick & easy surveys to gather information
- **Google Slides**: a presentation tool that makes it easy to tell stories
- **Google Drawings**: Graphics and flowchart creation with shapes, text, and images

Additional tools that could be used too

- **Gmail**: Email, contacts, tasks, and communications
- **Google Calendar**: Scheduling, calendars, and appointments
- **Google Meet**: Live video conferencing and messaging
- **Google Sites**: Webpage creation and publishing
- **Google Groups**: Group communication and web forums
- **Chrome**: Internet browsing
- **YouTube**: Online video hosting and sharing
- **Google Maps/Earth**: Interactive maps and satellite imagery
- **Blogger**: Publishing blogs

Task "Google quest"

Technology is an
effective tool that can
make **education** more
meaningful and
engaging for teachers
and students alike.

“We need technology in every classroom and in every student and teacher’s hand, because it is the pen and paper of our time, and it is the lens through which we experience much of our world.”
